♦ About Analytics Career Connect

Analytics Career Connect (ACC) is a product-based EdTech and IT and Recruitment services startup headquartered in **Pune, Maharashtra**. Founded by **Mr. Wasim Patwari** and **Mrs. Sadaf Khan (Patwari)** building India's most affordable and practical tech-learning ecosystem with a strong mission:

To make tech education affordable and accessible, and to help solve India's unemployment problem by building job-ready talent, with a mission to help 1 lakh job seekers secure their jobs.

ACC works across:

- **EdTech Platform** – Making tech education affordable, practical, and job-oriented.
- **IT Services Division** – Delivering real-world projects and digital solutions to clients.
- **Recruitment & Job Assistance Division** - Providing end-to-end recruitment and job assistance services across India

Our Vision & Mission

At Analytics Career Connect, our mission is to contribute towards solving two major problems in India:

- Reducing unemployment by creating career opportunities, internships, guidance, and industry exposure for students and job seekers.
- Making tech education affordable and accessible so that more people can build successful careers in the technology industry.

We are building a purpose-driven company focused on impact, growth, and learning. We are looking for people who genuinely align with our vision, values, and work culture.

If you are passionate about learning, creating impact, helping people grow, and becoming part of a mission-driven journey, we would love to have you on our team.

ACC – Human Resources Department

Building People. Strengthening Culture. Driving Growth.

Divisions: EdTech | Analytics & IT Services | Recruitment Solutions

LinkedIn | **Website:** www.analyticscareerconnect.com | **Email:** hr@analyticscareerconnect.com

Beyond Hiring. Building Careers & Culture.

Note : ACC never charges any fees for jobs or internships.

If anyone asks for money in the name of ACC, report it immediately to our HR Department.

Important Note – Startup Culture

ACC is a **startup environment**, where you are expected to take ownership and act like your own boss. This role is suitable **only for candidates who love exploring startup culture, have a growth mindset, and are willing to learn by doing**. Candidates applying **only for, casual learning, or without real intent** are requested **not to apply**, as it may waste both your time and our team's time.

Important Note – Startup Culture

ACC operates in a **startup environment**.

You are expected to:

- Take ownership of your work
- Think like a problem solver
- Contribute ideas and initiatives

This role is best suited for candidates who:

- Love startup environments
- Have a growth mindset
- Want to learn by doing

Candidates applying **only for certificates or casual learning** are requested not to apply.

◆ **ACC's 70:30 Work Culture Model**

At ACC, we follow a unique **70:30 Learning & Work Culture**.

70% Department-Focused Work

You will spend approximately 70% of your time working within your assigned department.

As a Marketing Intern, your primary responsibilities will include:

- Digital Marketing
- LinkedIn Marketing
- Brand Awareness Campaigns
- Community Building
- Marketing Communication
- Content Creation & Outreach

ACC – Human Resources Department

Building People. Strengthening Culture. Driving Growth.

Divisions: EdTech | Analytics & IT Services | Recruitment Solutions

LinkedIn | **Website:** www.analyticscareerconnect.com | **Email:** hr@analyticscareerconnect.com

Beyond Hiring. Building Careers & Culture.

Note : ACC never charges any fees for jobs or internships.

If anyone asks for money in the name of ACC, report it immediately to our HR Department.

30% Cross-Functional Exposure

The remaining 30% of your internship focuses on developing multiple professional skills through exposure to different business functions.

You may gain practical experience in:

- Human Resources (HR)
- Recruitment & Talent Acquisition
- Graphic Designing
- Business Development
- Data Analytics
- Operations & Project Coordination
- Client Communication
- Business Consultant

This approach helps interns become multi-skilled professionals with a broader understanding of business operations.

♦ Real Business Exposure Across ACC Ecosystem

Unlike traditional internships, ACC provides exposure to multiple business functions.

Within ACC's EdTech Division

You may work on:

- Student engagement initiatives
- Learning program promotion
- Career guidance campaigns
- Business growth activities
- Data analysis and reporting

Interns often gain exposure similar to:

- Data Analyst
- Business Consultant
- Growth Associate

ACC – Human Resources Department

Beyond Hiring. Building Careers & Culture.

Note : ACC never charges any fees for jobs or internships.

If anyone asks for money in the name of ACC, report it immediately to our HR Department.

Within ACC's Recruitment Division

You may support:

- Candidate sourcing
- Screening and shortlisting
- Talent acquisition activities
- Recruitment operations
- Job assistance initiatives

This provides exposure similar to:

- Recruiter
- Talent Acquisition Associate
- Recruitment Coordinator

This startup model allows interns to learn how different business functions work together.

♦ Internship Overview

This internship is designed for candidates who want real startup exposure in marketing and growth functions.

You will work on:

- Digital Marketing
- LinkedIn Marketing & Professional Networking
- Brand Awareness Campaigns
- Community Engagement
- Marketing Communication
- Outreach & Growth Activities

If you are interested in startup **marketing, personal branding**, and business growth, this **internship** is for you.

Beyond Hiring. Building Careers & Culture.

Note : ACC never charges any fees for jobs or internships.

If anyone asks for money in the name of ACC, report it immediately to our HR Department.

4 Startup & Cross-Functional Work

- Support marketing and growth initiatives
- Contribute ideas for improving brand visibility
- Work closely with the ACC team in a startup environment

This is a **startup role**, so flexibility, creativity, and ownership are important.

♦ Stipend (Performance-Based)

This internship is primarily **learning-focused and unpaid**.

However, interns who contribute to **real marketing impact and business growth** may receive performance-based incentives.

Payment depends on:

- Quality of work
- Consistency and accountability
- Contribution to brand growth and outreach

Performance-Based Earnings

Potential incentives may range between:

₹1,000 – ₹5,000 or more, depending on performance.

There is **no fixed stipend for all interns**.

♦ Eligibility Criteria

Education Year: 2010 – 2030

Education Background: Any discipline

Eligible candidates include:

- Students
- Graduates
- Working professionals
- Career break candidates

Startup interest is preferred but **not mandatory**.
